

# SAY HELLO TO **INSTANT SAVINGS**

## UGI Instant Discounts for Lighting Program

**Got a lighting project? We have big incentives.** Through our Instant Discounts for Lighting Program, your business can receive instant incentives toward energy-efficient lighting projects at point of purchase. There's no paperwork and no wait.

**Welcome to the fast lane.**

### Instant incentives are available for business customers:

### READY TO SAVE ON LIGHTING?

Bring this information with you at your point of purchase:

- UGI Electric Utilities account number
- Installation address
- Installation business name
- Contact name and number

## Instant Discounts for Lighting Program FAQs

- 1 Who qualifies for instant discounts?**

All UGI Electric Utilities non-residential customers qualify.
- 2 How does the program work?**

When you purchase qualified lighting products from a participating distributor, the cost of the items will be instantly reduced by the predetermined value of the specific product.
- 3 What lighting products are eligible for the Instant Discounts for Lighting Program?**

ENERGY STAR® or DesignLights Consortium® certified LED lighting products that are included on our approved list are eligible. Consult a participating distributor to see what products they can offer.
- 4 Where do I find participating distributors?**

A list of participating distributors is available on the program website at <https://www.ugi.com/rebates-for-business/electric/instant-discounts-for-lighting-program/>.
- 5 What do I need to provide to the distributor to receive instant discounts?**

You will need to provide your UGI Electric Utilities account number to the participating distributor, along with contact information and the physical address where the product is being installed.
- 6 Can I install the lighting myself, or do I need to use a contractor?**

You may do either. If you hire a contractor to do the work, the contractor can make the purchase at the distributor for you. The distributor would then provide your contractor with the new lighting at the reduced price.
- 7 Can products be replaced before they fail?**

Yes. We encourage early replacement of outdated equipment with new energy-efficient products.
- 8 Can purchases using instant discounts be used for spares or stock?**

No, spares or stock purchases are not permitted. Installation at the specified location is required within 90 days of purchase.
- 9 Can items purchased using instant discounts be submitted for additional incentives?**

No. Lighting products that receive instant discounts may not be submitted for additional incentives.
- 10 Can instant discounts for lighting be used for new construction?**

No. Lighting products purchased with the instant discounts may be used only for retrofit replacements.
- 11 Can I use the program more than once?**

Absolutely. We understand that there are many reasons why you might choose to purchase over time. Feel free to return to the program again until all your lighting has been upgraded to efficient LEDs.
- 12 Are there limitations to the number of instant discount incentives available for a customer or a project?**

Each product type has specific guidelines, and larger projects resulting in an incentive value of \$20,000 or higher require pre-approval. Consult your distributor.
- 13 Will someone follow up on my lighting installation?**

It is possible that customers will be contacted by a representative of the program to verify whether installation is complete. This may be done over the phone and/or through site visits.
- 14 How do I know if the UGI Electric Instant Discounts for Lighting Program is the right program to use?**

Review your options with your selected distributor, or contact our program team via phone at 1-570-908-4715 or email at [UGIElectricBusinessRebates@clearesult.com](mailto:UGIElectricBusinessRebates@clearesult.com). A program representative will be happy to help you determine the right choice for you and your business.
